

## LIBRARY AND INFORMATION CENTRE

The Library and Information Center of the National AIDS Research Institute houses a collection of books, journals, posters, CDs, reprints, etc. It has a collection of 1217 books and about 470 bound volumes of journals. In the last financial year 2005-06 it has added 102 books to its collection. It has books in Hindi and Marathi also. It has subscribed to 40 journals in 2006, a figure which increases every year on demand from the users. Interestingly for the first time, users will have access to the online versions of 27 of these 40 journals. It has CDs, DVD and posters for public awareness programmes on HIV/AIDS. It has MedLine in CD-ROM. The Centre provides reference services and information services on demand. It also provides photocopying and binding services to its users. Through NISCAIR, New Delhi the Centre also provides citation analysis for selected publications of the scientists. Given below are the names of the journals the Centre has subscribed in 2006.
