Call for Papers for the IJMR Issue on Poverty and Human Development, October 2007

As part of the global initiative of the Council of Science Editors, USA (<http://www.councilscienceeditors.org>), a Global Theme Issue on Poverty and Human Development is planned to be brought out in October 2007. Science journals throughout the world including The Indian Journal of Medical Research (IJMR) will simultaneously publish papers of worldwide interest - to raise awareness, stimulate interest, and stimulate research on the global theme. This is an international collaboration with journals from developed and developing countries.

With this backdrop, the IJMR invites papers on this subject. All papers submitted to IJMR are, however, subject to peer review process. Detailed guidelines for authors are available at the Indian Council of Medical Research website (<http://www.icmr.nic.in>). Address for correspondence: Editor, The Indian Journal of Medical Research, Indian Council of Medical Research, V. Ramalingaswami Bhawan, Ansari Nagar, New Delhi 110029, India. e-mail: ijmr21@yahoo.co.in/ijmrindia@yahoo.co.in.
